PATIENT SCREENING FORM

Use this form to screen patients before their appointment	
Staff screener:	
Patient Name:	Date of screening:

Have the patient answer the following questions.

Screening Questions Q1. Are you immunocompromised?1		Patient Answer	
		YES	NO
Q2: Do you have any of these symp and not related to other known cause Fever and/or chills Cough or barking cough Shortness of breath Decrease or loss of taste or smell Muscle aches/joint pain	toms? Choose any or all that are new, worsening es or conditions. Extreme tiredness Sore throat Runny or stuffy/congested nose Headache Nausea, vomiting and/or diarrhea Abdominal pain Pink eye	YES	NO
Q3: Have you been told (by a doctor, health care provider, public health unit, federal border agent, or other government authority) that you should currently be quarantining, isolating or staying at home?		YES	NO
	d positive for COVID-19 on a laboratory-based PCR in test or other home-based self-testing kit?	YES	NO

Any "yes" response (other than Q1) must be discussed with the managing dentist immediately.

Tell the patient that when they arrive at the office, they will be asked to:

- · Sanitize their hands.
- Have their temperature taken (depending on the dental office's policies).

- on other immune suppressive medications.

¹ Factors such as old age, diabetes and end-stage renal disease are generally not considered immunocompromised. Examples of being immunocompromised include individuals:
 undergoing cancer chemotherapy
 with untreated HIV infection with CD4 T lymphocyte count less than 200
 with combined primary immunodeficiency disorder
 on prednisone medication - more than 20 mg per day (or equivalent) for more than 14 days
